

IFCPP CRITICAL CONSULTING ASSISTANCE

As most all institutions have now closed their doors to visitors to curb the spread of COVID-19, we all must continue to maintain basic operations, and enhance business continuity plans. IFCPP staff continues to work a full workweek to provide those resources that our members have come to rely on (and also address a significant number of all-new concerns and critical needs).

The way we previously defined *security, safety, emergency management, and fire protection* strategies is now changing by the day. IFCPP cultural property protection experts are here to help you assess current policies, procedures, and practices, and develop updated protocols in today's rapidly changing environment.

Effective immediately, all IFCPP ***Institutional Members*** will receive an **hour of complimentary consulting**. This new member benefit will include direct contact with IFCPP's subject matter experts. Consulting topics may include, but are not limited to:

Protecting Collections on Exhibit and in Storage
Policy/Procedural Development/Enhancement
Emergency Plan (EOP/ERP) Updates
Incident Command Guidelines
Legal Considerations in a Changing Cultural Landscape
Security Self-Assessments
Virtual Security Survey/Evaluations
Fire Protection Considerations
Electronic and Physical Security Improvements (and troubleshooting)
Security During Construction
Contract Security Specifications & Selection
Changes in Patrolling
Future Entry Screening Considerations
Internal Theft Prevention

With regard to COVID-19 mitigation and response, we'll continue to provide resources and bulletins in our bi-weekly newsletter, and through regular social media.

To be eligible for IFCPP direct consulting services, please initiate or renew your *Institutional Membership* at: <https://ifcpp.org/join-now>.

We'll remain available 5 or more days/week to provide consulting assistance by email and/or phone!

Please stay healthy and safe as we weather the storm together!

Sincerely,
IFCPP
